

Part I : Reading**1. A. Multiple choice questions**

(a)⇒(ii) close; (b)⇒(i) dominating/(iv) overprotective; (c)⇒(i) thinks deeply and seriously about life and other basic matters; (d)⇒(i) impulse; (e)⇒(ii) association; (f)⇒(ii) entity; (g)⇒(iv) nurture; (h)⇒(i) detachment; (i)⇒(i) health/(ii) help; (j)⇒(iii) company.

B. Open-ended

- (a) Relationships help us share our feelings and emotions with others. When we share our pleasure and happiness, they are amplified, and when we share our sorrows and pains, they are reduced. Thus, relationships help us keep our mental health sound.
- (b) We increase our joy and decrease our misery by means of sharing our joy and misery with others.
- (c) This statement means that a person having no family feels the pain of loneliness and isolation. In fact, there is no one to laugh or cry with him/her. It makes him/her lonely and isolated. As a result, that person feels the pain.
- (d) This statement means that man cannot live alone. He instinctively wants company of others and develops relationship to enjoy companionship and to get physical and emotional support.
- (e) Relationship is very important because without building relationship with others we cannot live. We need to form relationships with others for our physical and mental health.

2. Rewriting in a different form (inferring information from the given text and presenting it in a flow chart)**3. Summary**

Junk foods are high in calories. These artificially made foods look charming and appetizing. These foods are prepared commercially ignoring the nutritive value. Frequent taking of these foods leads to obesity. Obesity leads to fatty material clogging in the arteries. The damaged arteries increase the risk of heart attack. Moreover, junk foods damage the brain. Addiction to junk foods results in aversion to taking healthier foods.

4. Cloze test with clues

(a) significant; (b) birth; (c) independent; (d) history; (e) division; (f) oppress; (g) attacked; (h) took; (i) surrender; (j) victory.

6. Rearranging

(v)→(i)→(ix)→(iv)→(x)→(ii)→(viii)→(iii)→(vi)→(vii)

Once upon a time, there lived a fox in a forest. One day, he was very hungry. He searched for food everywhere but he did not get any food. At last, he entered a vineyard. There were ripe grapes hanging up on the vine. The grapes were too high for him to reach. He took a run and jumped to reach the bunch of grapes but could not reach it. Again and again he jumped. But each time, he failed to reach the grapes. At last being tired, he went away saying that the grapes were sour.

Part II : Writing**7. Describing a graph**

The choice of profession by educated people in our country

See Key to Suggestions. Sl. No. 03; Page No. 142
